Title: METHOD OF MANUFACTURING ORGANIC EL ELEMENT, ORGANIC

Docket No.: 101050

**REQUEST FOR CERTIFICATE OF CORRECTION UNDER RULE 323**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

It is respectfully requested that a Certificate of Correction be issued in order to correct the errors specified in the attached copy of Certificate of Correction Form PTO-1050.

Obvious typographical errors are corrected to make the claims internally consistent. Regarding claim 13, "at least one luminescent layer" is incorrect because the claim elsewhere refers to "luminescent layers". Similar changes are made to dependent claims 17 and 21. Claim 25 is corrected to provide antecedent basis for "at least two". Claim 36 is corrected to use "transparent substrate" consistently throughout the claim, to delete the inadvertent occurrence of "predetermined" and to insert "the" before "luminescent material composition", which was introduced earlier in the claim. Claim 38 is corrected to eliminate a stray comma.
